From the 2017 to 2018 academic year, there is a new condition requiring schools to publish how many pupils within their year 6 cohort are meeting the national curriculum requirement to swim competently, confidently and proficiently over a distance of at least 25 metres, use a range of strokes effectively and perform safe self-rescue in different water-based situations.

At Middleton School all pupils swim every week. It is an important part of our curriculum both in terms of fitness and safety. Within our current Year 6 cohort of 12 pupils 6 are able to swim competently and proficiently over 25 metres. They can also tread water effectively and submerge themselves three times. They have not had experience of practising safe self rescue.
