

Today's activity is for an M8 in Number. Today we are exploring taking away (subtraction practically).

Today you will count out some objects. Like 5 apples. you will practise taking away a number like 123 like 1 2 3 or 4. to find out what you are left with.

Please can you repeat this with different objects around the house. You can even try up to 10 objects.

Why not sing some number songs –such as 5 currant buns, 5 little ducks, 5 little speckled frogs. Making a point of saying how many are left.

Here are some subtracting with Rodd Episodes to watch.
