

# The Day the Crayons Quit

## Finding out about the ocean.

Blue crayon was fed up colouring the ocean but there is a LOT more to the ocean than just the colour blue.

Using books or the internet can you find 5 facts about the ocean to cheer up blue crayon? Blue crayon has had a look to help you and he has found the first fact:

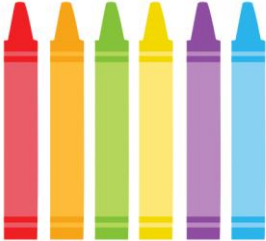

- 1. Our oceans cover 70% of the Earth's surface.
- 2. \_\_\_\_\_
- 3. \_\_\_\_\_
- 4. \_\_\_\_\_
- 5. \_\_\_\_\_

What about the animals that live in the ocean habitat? Click the link below to watch a short video on the ocean habitat.
