

Holiday Fun!

Many of our year six pupils have enjoyed a few days away in Norfolk this week on their residential journey. We apologise to parents whom we had hoped to send photos to, but the signal in Norfolk was very poor and we were unable to send or receive images. We will of course place images on the website over this coming week for you to peruse! The children had a fantastic time and Middleton School were very proud of their excellent behaviour, resilience and tenacity that they displayed for new adventures.

Well done Year six!
Also a huge thank you to the amazing staff who led and cared for the children on this trip. I know that they returned exhausted but very proud!
Thank you!

A Jolly time was had by all!

In recent weeks we have welcomed many parents to the school to join us for a Jolly Time session. I am aware that we still have a few families to join us for this venture next week, but would like to thank you all for supporting the school; and more importantly, your children in this way. I hope that you had fun!

Last week saw the introduction of a new set of Jolly Time activities. These were popular choices among our pupils and parents from Wrens and Robins class will have an opportunity to join us next Friday. New activities include Camping and survival, Yoga, Cycling, dominoes, and photography.

COFFEE MORNING

We would like to invite all parents to our next coffee morning; to be held on Friday 16th June at 10.00 at Middleton School. A flyer will be shared next week with more information but this is a great opportunity to meet other parents as well as our new FLOs.

Tales From The Chalkface!

Lower School

The children in Lower School have enjoyed science lessons this week looking at changes of state and in particular the process of melting!

In maths lessons the children have created pictograms to show the most popular choice of fruit!

Middle School

Pupils in Middle School have today attended a badminton event. They have spent time this week practising for this event.

Pupils have also demonstrated their attention and reading skills in our communication sessions.

In maths, some of our pupils have been learning about halves of numbers

Upper School

The pupils who remained in Upper School this week had a fabulous time exploring Harry Potter!

They created some magical potions.

They also considered their friends who were away on holiday and thought of questions to ask them on their return. They have written these down ready to ask today.

Sun Safety

Looking out of the window today this may seem a strange request! However we are hoping for some Summer weather and we hope that it may be just around the corner! Please be aware of the possible changes to our weather and provide your child with sun cream and a sun hat as appropriate.

Dates for the diary

Friday 26th May –break up for **2 week** half term.

Monday 12th June – pupils return to school.

Middleton News

Tuesday 20th June – transition to KS3 talk for Year Four parents
Thursday 29th June (PM) – Sports Day

I hope that all families enjoy the half term break. Please remember that we have a **two week break** at this point in the year to allow families to enjoy quality time together while other children are at school and holiday destinations may be quieter (and cheaper!)

I hope that you all have a happy and safe holiday and we will see children back in school on the 12th June.

Warm regards

Debbie Hartley
